

Dear members of the TC 9.5 Fan Club and Guests.

After a long time not only because of our “nice” viruses please find below the latest news related to TC 9.5.

The proceedings of the **IFAC World Congress 2020** in Berlin (Germany) with many contributions of our TC like an open invited session “Past, present and future: technology developments in view of their impact on society, the environment and international stability” are now available.

TECIS 2021:

TECIS 2021 which will take place unfortunately only virtual in Moscow (Russia), September 14-17, 2021. Thanks for your numerous contributions (approximately 170) and pls. make sure that all of them are preliminary papers – no abstracts.

We will start the reviewing process end of May, 2021. Some of you will receive requests for reviews. Pls. confirm and complete urgent because of the extended deadline for submissions and the large number of contributions.

Don't forget nominations for the “Young Authors Awards” <https://www.ifac-control.org/events/ifac-young-author-event-award/view>.

The next TC 9.5 meeting – virtual by ZOOM – will be scheduled in September 2021 during TECIS 2021.

TECIS 2022

The proposal of the IFAC Kosovo NMO was accepted by IFAC. TECIS 2022 will take place in Prishtina organized by the “University for Business and Technology – UBT” October 26 – 28, 2022.

Thanks for your work, looking forward to meet you virtual in Moscow and hopefully in person Prishtina.

Vienna 19.05.2021
Peter (Kopacek)
